

My cabin

By:Anderson, Isabella, and Amanda

The things we used for our cabin from *Sign of the Beaver* are wight out, sticks, cardboard, leaves, and clay.

- We built the cabin by putting the card board in a house shape. Then we used the wight out to make the clay in the wood creases. Next Amanda built a person out of Popsicle sticks. Last I made the corn out of clay and sticks Isabella also panted the grass a mossy green color. That is how we built our cabin.
